TURKS THREATEN BURN OWN CAPITAL, SHOULD THE BESIEGERS TAKE IT

LONDON, March 1.—With the Anglo-French fleet
15 miles inside the Dardanelles and the British and
French flags flying over six of the reduced Turkish
forts, the bombardment of the inner forts continues
with unabated energy.

Never before in the history of any operations on
land or sea has there been commanding of such fury
as that which wrecked the Turkish forts on the
Asiatic and European sides of the Dardanelles.

Despite the efforts of the Turkish authorities to keep
the success of the Allies secret, it has become known
in Constantinople, and panic is reported to be ruling
there. Thousands are fleeing.

The Turks threaten to set fire to Constantinople if
it falls into the hands of the Allies.

TOLSON, March 1.—Turkish prisoners captured
in the Dardanelles and brought here on a French
cruiser reached today that the archives of the
Turkish government were moved to Asia Minor in
January. They admitted that hundreds of their
commanders were killed by the allies and that they
believe the fleet will reach Constantinople by March 15.

ROBINSON PLEASED WITH LOCALITY AND BASEBALL GROUNDS

MANAGER BROOKLYN CLUB AND NUMEROUS PLAYERS ALREADY HERE—KLEM TO BE UMPIRE. BANQUET TONIGHT.

Manager Wilbert Robinson, of the Brooklyn baseball club, arrived in Daytona at 5:10 Saturday afternoon, accompanied by his son, Wilbert, Jr., and friend, Jas. T. Stuart, of Baltimore.

At the first opportunity after his arrival Mr. Robinson started in to look things over, and mightily well pleased he is with what he found. When seen late Sunday night by a Daily News representative, the man whose job it is to hammer a score and a half of rough units into one compact, smooth running organization was enthusiastic. He said: "I believe this is going to be the finest training place in the world. Certainly Daytona is the prettiest place I ever saw, and the baseball ground is simply great, of course. It isn't perfect yet—there hasn't been time enough for that—but by the end of this week the ground will be in magnificent condition. I was astonished at the huge amount of work the local Athletic association had done in so short a time."

Many of the players have already arrived, and they were out at the park this morning and afternoon "limbering up." Among the members of the team now in Daytona are Edward Pfeffer, Elmer Brown, Charlie Schultze, W. B. Dell, Jno. Coombs, L. J. Cadore, Joe Chabek, R. G. Goodbred, and Ed. Donald, all pitchers; Willie O'Mara, shortstop; Chas. Stengel, rightfielder; George Cuthshaw, second baseman; G. M. Snow and Otto Miller, catchers; Gustav Getz, third baseman.

The remainder of the 30 players will be in this afternoon at 5:10, when they will be met by a delegation of citizens and committees from different organizations.

Tonight, at the Hotel Despland, takes place the banquet given in celebration of the Brooklyn club's coming to Daytona. Already a great many reservations of plates have been made, and it is expected that the banquet will be the biggest thing of the kind held off here this winter.

The first exhibition game at the ball park will take place next Saturday—flag-raising day. Two teams will be made up of members of the Brooklyn club, and an interesting contest may be looked for.

The Superbas are delighted and "fans" generally will be pleased at the announcement that William Klem, who is regarded as the best baseball judge in America—that means in the world, too—will spend the entire month here and umpire all the exhibition games.

ANGLO-FRENCH FLEET DRAWS NEARER TO CONSTANTINOPLE

\$5,000 RAISED BY CHRISTIAN CHURCH

DEDICATION OF NEW BUILDING LARGELY ATTENDED AND EVANGELIST'S APPEAL MET WITH GENEROUS RESPONSE.

Sunday was a great day for the minister and members of the First Christian church when they met for the first time in the commodious new edifice that replaces the original church building.

There were large congregations at both morning and evening hours of worship, notwithstanding the unsettled state of the weather.

The morning service was the chief one of the day, and at that time Rev. Dr. George L. Snively, the evangelist who had been conducting gospel meetings throughout the week, led the people out until nearly \$5,000 in cash and pledges was raised. This sum will practically put the church out of debt.

An important part of the dedication ceremony took place at the evening meeting when the keys of the building were presented by S. P. Meschum, of the building committee, to Arthur Ferguson, chairman of the trustees, and dedication vows were led by the pastor, Rev. S. Linnaeus Jackson, and responded to by the congregation.

The new building will seat 250 on the main floor, 20 on the choir platform and between 40 and 50 in the gallery, while in cases of necessity chairs can be placed in the aisles, seating at least 75 to 100 more. On ordinary occasions about 320 can be seated comfortably and this number can be increased to 400 in case of need. The new building is splendidly lighted, surpassing in this respect all other churches in the city.

The church is well equipped for aggressive work. The Bible school will occupy the basement on Sundays and the ladies will use it on special occasions for social purposes. The kitchen is supplied with a gas stove and later will be equipped with all necessary utensils.

The pastor's study will be located to the right of the entrance to the auditorium.

The cluster light in front of the building was presented to the church by Commodore C. G. Burgoyne.

Dr. Snively departed this morning for Livingston, Ill., where he is to dedicate a church next Sunday.

"KEYSTONE" SAM COLE AND HIS TRUSTY BUNCH OF LIEUTENANTS HOPE TO DISPENSE WITH 1,000 COPIES OF THIS ISSUE.

"Wuxtra!" Wuxtra!" "Wuxtra!"

If you have never heard that word uttered before as issuing from the throat of a dyed-in-the-wool "newsie," listen and heed it this afternoon when Sam Cole, king of the newsboys, with his trusty bunch of lieutenants offers for sale copies of the Daily News.

Cole and his men came to town yesterday with the Johnny Jones Carnival company. The party consists of "Keystone" Sam Cole, "Kid" Caruse Thompson, "Scotty" Allen, Jean Warren and "Whittle" Thompson. They originate from New York, Atlanta, Ga., Kansas City, Boston, Mass., and Yonkers, N. Y., respectively. The boys have agreed to sell a thousand copies of the Daily News tonight, and if you fail to respond to them, it won't be because you didn't have an invitation.

If Cole is successful in making a tour of the United States without paying any transportation, he is to receive from the Leslie publications a prize of \$5,000. To defray his other expenses Cole sells the local papers of every city which he enters. Kid Caruse Thompson, who is accompanying Cole on his tour, is a wrestler of some reputation, and is matched against Jack More, world's champion at his weight, the match to take place in this city during the present week.

NO BAND CONCERT AT THE KIOSK THIS EVENING

Commodore C. G. Burgoyne announces that there will be no band concert at the kiosk this evening. Instead, the band will play at the banquet at the Despland hotel, given in honor of the Brooklyn baseball team.

Mrs. Henry S. Earl arrived last Friday from Indianapolis, Ind., and joined Dr. Earl, who came earlier in the season, at the La Cross Villa. Mrs. Earl was detained north by the illness of her father, whose death occurred recently.

HUNDREDS HEARD FIRST DIVISION OF FLYING SQUADRON

SPEECHES BY D. A. POLING AND DR. SHELDON—THEATER FILLED SUNDAY NIGHT—MANY PLEDGES OF SUPPORT.

The first division of the Flying Squadron of America invaded Daytona yesterday, holding meetings in the afternoon and evening, all of which were well attended. The evening meeting at the theater drew almost a full house, practically every seat being taken. A considerable number took advantage of the opportunity to attend the overflow meeting at the Congregational church.

The afternoon program at the Congregational church included an address by Daniel A. Poling, leader of the first division of the Flying Squadron. Among the many things said by the speaker at this meeting were:

"Challenged by unusual circumstances men do unusual things; confronted by that which, humanly speaking, is impossible, in the great drive of a great crisis men do the impossible. * * * Omnipotence opens the way and supermen set their brothers free."

"The temperance forces of the nation are challenged by unparalleled circumstances. The challenge is the challenge of science, of industry, of all allied reforms, of politics, of religion, and of highest patriotism."

"Scientists have conclusively proven that alcohol is a poison; that it is a narcotic, water-absorbing, anesthetic drug; that it has power to create an appetite for itself, and that it must be placed in the same class with morphine, opium, cocaine and all similar drugs. * * * We can tinker with the tariff until doomsday and not begin to solve the problem of the high cost of living until we take two billion dollars out of the thriving fists of John Barleycorn. This is the annual drink bill of the United States. * * * Seventy per cent. of the drink bill of the United States comes from the American laboring man. This means that liquor money is bread money, shoe money, money that ought to be spent for the necessities of life. * * * Put the money invested in the liquor institution into 20 other honest business interests that supply the comforts and necessities of life, and that same money will employ 3,000,000 more wage-earners than it now employs."

"The saloon is a business parasite. It gives society worse than nothing for society's honest toil. * * * The saloon is an unfair business competitor. It prospers at the expense of every legitimate business institution of the community."

Mr. Poling briefly related the history of the Flying Squadron, stating that it was organized in the latter part of 1913 at Columbus, Ohio; that it is not officially connected in any way, as a movement, with any other temperance organization; that the Flying Squadron works to strengthen the hands of every organization fighting for national constitutional prohibition. He concluded with:

"We vision of the day when the river of rum will be dry at its source; when women will no longer weep; when children will no longer be perverted, imbecile and blind, and when

THE HEART OF DAYTONA 26 YEARS AGO

This view of a section of Ridgewood avenue about where the Ridgewood hotel now stands, was made from a photograph in the possession of Geo. N. Chamberlin of this city and Joliet, Ill., who was among the earliest of Daytona's winter residents and still owns and occupies a winter home on Magnolia avenue midway between Ridgewood and Palmetto avenues.

Mr. Chamberlin first visited Daytona in the year 1886 in company with Judge C. H. Weeks, of Joliet, the trip being made to the coast from Welaka where Judge Weeks had been spending the winters for several years. He had heard of Daytona and was desirous of seeing the place and persuaded Mr. Chamberlin to make the trip with him. They were so well pleased with what they found that

they were both converted into winter residents, Judge Weeks buying a lot and building the residence still occupied by Mrs. Weeks and their daughter, Mrs. George H. Munroe, on Ridgewood avenue, adjoining on the south the Ridgewood hotel.

The photograph was taken three years later, in 1889, when Ridgewood still remained but a sandy lane, cut through the primeval forest. It was not until some time later that a section of the avenue several blocks further north was surfaced with marl as an experiment which proved sufficiently satisfactory to cause its extension on Ridgewood and its continued use even to the present time on some of the streets of the city.

The sand on Ridgewood avenue and other streets was fetlock deep on the horses and to travel at a gait faster than a walk for any distance was very wearing on the animals. There were, however, few horses in Daytona along the coast at that time, almost all the travel being done by boat, and sail boats at that, as there were no motor boats in use then, although a number of steamers were engaged in freight and passenger traffic on the Halifax, Hillsboro and Indian rivers.

What a contrast between the famed Ridgewood of today and that of the picture of 26 years ago. Then it was a sandy roadway, overarched, even as it is today, with beautiful forest trees draped with Spanish moss. Now it is a broad avenue with hard surfaced roadway and lined on either side with attractive residences and well-kept grounds, and several fine hotels.

There is even more contrast between the Beach street of today and that of 26 years ago. True, there were more buildings on the river front, but they were widely separated and mainly dwelling houses. The roadway followed the contour of the shore, and

Just take a look at this

as there was no seawall to repel its invasion the water in many places cut into the roadway which zigzagged along the river's edge, compelling vehicles to go splashing through the water when the tides were high. The roadway, even on the best sections, was superior to the sand of Ridgewood, simply from the fact of the different character of the soil which was of more consistency, further improved in places by an admixture of oyster shells. At night the street was lighted only by the silvery moon or twinkling stars.

Again, note the contrast with the Beach street of today, broad and hard surfaced, protected from the river's encroachment by a substantial seawall; on one side block after block of stores and residences, on the other the esplanade, brilliantly lighted after nightfall, countless automobiles and the electric cars adding their touch to the changed conditions.

WAR HELPS AMERICAN MUSIC

People Now Realize That Foreign Composers and Teachers Are Not Essential.

Philadelphia.—The European war is proving a great boon to American musicians, composers and teachers, according to Dr. Hugh A. Clarke, professor of music at the University of Pennsylvania, who addressed the annual convention of the Sinfonia Phi Mu Alpha fraternity.

"The war has been the means of overthrowing the great European fetish which was held sacred by Americans," he said. "Formerly no American artist could appear as a soloist with an orchestra unless he could claim foreign finish."

"The American public is beginning to see the true worth of their artists and will hereafter furnish the support which they have so long denied."

Do you know that Iron Mountain, overlooking Mountain Lake, in Polk County, Florida, enjoys the distinction of being the highest point within sixty miles of the Atlantic coast between Key West and Northern New Jersey, a stretch of country more than one thousand miles long? It is nearly four hundred feet above sea level, with Mountain Lake a little less than two hundred feet below its crest. The lake has a shore line of over five miles, and all around the land slopes gradually and gracefully. The climate of this region is a perpetual delight.

The tract of land of which Mountain Lake is the center has been in the family of the president of the Mountain Lake Corporation for many years. It was withheld from sale with the view of ultimate development along unusual lines and as a solid body. This land is sixty miles from the Atlantic Ocean and about an equal distance from the Gulf of Mexico. Due east of Tampa, it is in the heart of the Lake Region, the ideal citrus section of the state. This part of Florida is remarkably comfortable in summer and notably free from cold in winter. It is served by the Atlantic Coast Line and the Seaboard Air Line Railways.

M. E. Gillett & Son, of Tampa, have charge of the planting and care of the groves. In selecting for this work the best known citrus fruit growers and nurserymen in the state the Mountain Lake Corporation insures not only the proper planting of the best citrus stock available, but also the proper care of the trees up to the time they are turned over in bearing to the purchasers.

That the artistic side of the development at Mountain Lake will be of the highest character is guaranteed in the engagement of Frederick Law Olmsted, a landscape architect of international reputation. He is of a family of landscape workers, his father's best known achievements having been Central Park, in New York City, and Biltmore Estate, near Asheville. In the latter his son was associated with him, and the younger Olmsted has to his credit many other notable landscape developments, among them being Roland Park, Baltimore, and Forest Hills Gardens, Long Island.

The Mountain Lake Corporation commands respect because of the standing of the gentlemen who compose it. Among the leading stockholders are the following:

FRANK S. WASHINGTON, president American Cyanamid Company, Niagara Falls, Ont., president Alabama Power Company, Birmingham, Ala.
HERBERT E. GOODMAN, vice-president and general manager Goodman Manufacturing Company, electrical mining machinery, Chicago, Ill.

JAMES MITCHELL, president Alabama Traction, Light & Power Company, Ltd., New York and London.
M. E. GILLETT AND D. C. GILLETT, proprietors of Buckeye Nurseries and Gillett Lumber & Transportation Company, Tampa, Florida.

ELMER A. SPERRY, president Sperry Gyroscope Company, New York.
E. C. STUART, vice-president State Bank of Bartow, Bartow, Fla., director Crescent Phosphate Company, Lakeland, Fla.
FREDERICK S. RUTH, president Mountain Lake Corporation, Lake Wales, Fla.

A preliminary booklet, now ready for distribution, gives the plans much more in detail. Copy will be mailed on application and further particulars supplied upon request.

BATON ROUGE, La., March 1.—Livestock owners are urged to vaccinate their animals against charbon this spring, commencing not later than today, in a circular letter just issued by the Louisiana livestock sanitary board. A general saving of animals will result in the opinion of the experts of the sanitary board.

DRASTIC DRUG LAW EFFECTIVE TODAY

WASHINGTON, March 1.—A new federal law providing for strict regulation in the sale of certain narcotics went into effect today, and its enforcement and regulation will be part of the duties of the department of internal revenue.

The law requires that anyone who produces, imports, manufactures, compounds, deals in, dispenses, distributes or gives away any opium, or the other drugs included in the law, shall register annually with the collector of internal revenue for the district in which he does business; and for the purpose of the law, the residence of anyone dealing in such drugs is regarded as his place of business. Registration shall be mailed to July 1 of each year and the dealer at the time of registration shall pay a special

tax of \$1. A majority of physicians, druggists, dentists and veterinarians will be compelled to register.

Government and state officials purchasing for hospitals, etc., are exempt. It will be unlawful for anyone to handle the drugs without registration.

In addition to the tax of \$1 for registration, the sale of these drugs shall be exclusively made through a form prescribed by the commissioner

of internal revenue in their respective districts.

It will be unlawful to sell, exchange or give away any of the drugs without a written order of the person to whom such article is sold or given. This order is to be made out on the form, and a duplicate of the order is to be kept by the seller. The original in the hands of the buyer and the duplicate retained by the seller must be kept for a period of two years, during which time any agent of the

internal revenue service of any state officer or municipal officer in whose charge the regulations for the sale of drugs is placed, may examine either the original or the duplicate.

Conviction for violation of the law is punishable by a fine of not more than \$2,000 or imprisonment for not more than five years, or both.

GOLF EXHIBITION SATURDAY

The Clarendon golf course was the scene of a very interesting match on Saturday afternoon when Tom McNamara, J. M. Barnes, Tom Kerrigan and W. C. Hagan played a "foursome" just to get their arms in shape to compete in a match game that is to take place at Ormond today and tomorrow.

All of the above gentlemen are professional golfers of national importance, having just come up from Palm Beach where they competed in the championship game there last week. A telegram received Friday by A. J. Christie announced their coming and arrangements were quickly made by the popular instructor for the reception of the men at the Clarendon club house. J. M. Barnes holds the western open championship title and Tom McNamara has won in various championship games in different parts of the country. W. C. Hagan was taught his first lessons in golf by Instructor A. J. Christie, and is today considered one of the best golfers in the United States, having successfully competed in some of the greatest tournaments ever held in this country.

He Should Worry!

Man at the Door—"Tell yer maw I'm the installment collector, and if she don't pay up I'll have to take the piano." Boy—"I wish ye would take the darn thing. She's threat'nin' to gimme music lessons."—Life.

His Situation.

"What's the matter, Patrick?" a good-natured hostess asked of her boyish visitor, seeing the pie plate vainly offered. "Don't you want another piece of pie?" "Yessum, I want it," replied the unconscious verbal purist, "but I can't eat it. My mouth's awful hungry, but my stomach's awful full."

AVIATION CONTINUES TO BE
POPULAR AT SEABREEZE

During the past two or three days aviation headquarters have been stam-peded with persons desiring to accompany Ruth Law in aeroplane flights. Among the number who went up on Saturday was Mrs. Harry Howell, a guest at the Ormond hotel. She flew with Miss Law from the hangar near the Nautilus casino to Ormond, a distance of six miles.

Master John Brill Goldsborough, a youth of 14, was also a passenger of the little aviator on Saturday. He is a guest at Hotel Clarendon with his parents. Mrs. Dietrick Lamade, wife of the popular editor of the Williamsport, Pa., Grit, experienced her first flight in an aeroplane Saturday. Her husband was a passenger several days ago.

H. M. Hall, who expects to become proficient in the art of operating an aeroplane, took his first lesson of Miss Law on Saturday. He will continue as a pupil in the aviation school the balance of the season.

Learn to Forget.

Caesar was so ready to forget that even Cicero, who was by no means a constant friend to him, relates, as singular proof of his noble heart, that he never used to forget anything except the wrong done to him. Indeed, to pardon is a most beautiful revenge; but to forget is still more beautiful.—Petrarch.

Costly Cottage.

"Could you be satisfied with love in a cottage, dearest?" sighed the poor young man. "Certainly I could," responded the girl, who really loved him. "But there must be a breakfast room, a music room, parquetry flooring, and a big marble fireplace in the front hall."—Louisville Courier-Journal.

MRS. NEVELLE'S SINGING
WAS GREATLY APPRECIATED

Clarendon guests on Sunday evening listened to Mrs. Jean Nevelle's singing with rapt attention, and judging from the continued applause her rich contralto voice was greatly appreciated. Every seat in the spacious lobby was occupied, many of the cottagers being present to listen to the vocal and instrumental musical program which is considered a feature at the big hotel every Sunday evening.

Camphor for the Future.

It is estimated that Formosa contains about one million camphor trees, some ten thousand of which are cut down every year. At this rate the supply will be exhausted in a hundred years; but when the country is thoroughly pacified there is no doubt that the Japanese will see that reforestation is properly undertaken and an inexhaustible supply insured.

The Dividing Line.

Difference Made by Years.

When a girl is six, she weeps if the seams of her best doll loosen up and let out sawdust. When she is twenty-six, if her beau doesn't loosen up and spend some, she's equally peeved.

"PRINCE OF TONIGHT" FRIDAY, MCH. 5, NEW DAYTONA THEATRE

"The Prince of Tonight" by Adams,
Hough and Howard, with Tom Ar-
nold, as the prince will be the attrac-
tion at the New Daytona theater, Fri-
day night, March 5th.

The prince before he is transform-
ed into his remarkable kingdom, is
Jim Sutherland, a penniless college
youth in search of a position at Palm
Beach, Florida. The only position
available is that of a lifesaver re-
quiring one who is an expert swim-
mer. Sutherland knows nothing of
swimming; however, he takes a
chance. One of the daily tasks is
to aid in teaching the many guests
at the hotel to swim, yet under all
these trying conditions Sutherland
congratulates himself that he though
"broke" is among the "four hundred
set." Sutherland falls in love with
a beautiful girl who loses no time in
telling him that without wealth and
social position he is a hopeless case.
He is broken hearted, yet love will
find a way and he seeks aid, through
an old gardener, who for centuries
has studied the mysteries of his cen-
tury plant when in bloom, and agrees
to transform the college youth
through the spell of his plant, into
a prince of the mythical land of
Lunatia, but his life is to end with
the sinking of the Moon, unless he
is kissed by the girl he loves. He is
given wealth and social position but
devoid of heart; during his reign he
scorns all offers of love including
the beautiful heiress— even humiliating
her. The tragic hour for the Moon
to set arrives. He is about to expire,
when she flings her arms about him
and prints the kiss of deliverance
on his lips. She is the real lifesaver
after all. From a scenic standpoint
the production is magnificent, the

costumes are elaborate, and the elec-
tric effects are brilliant. There are
eighteen musical numbers rendered
by a chorus for singing qualities sur-
passed by none.

NEW SANITARY CODE FOR NEW YORK BARBER SHOPS

ALBANY, N. Y., March 1.—The
sanitary code pertaining to barber
shops and other public places goes
into effect today, and will be enforced
by the health officers. The use of
alum and other devices for stopping
the flow of blood in stick form is
forbidden. Such material must be
applied in powdered form. The head-
rest of the tonsorial chair must be
covered with a clean towel, and all
razors, and shaving mugs must be
thoroughly washed after using on one
customer and before beginning opera-
tions on another. Common drinking
cups and towels are forbidden. The
regulations pertaining to the conduct
of manicure emporiums are similar
to those directed at barber shops.
The health department of the city
must file monthly reports to the state
board of health on how the ordinances
are being carried out.

Pleasure at Death.

A wise man shall not be deprived of
pleasure even when death shall sum-
mon him; forasmuch as he has at-
tained the delightful end of the best
life—departing like a guest full and
well satisfied; having received life
upon trust, and duly discharged that
office, he acquits himself at departing.
—Epictetus.

Common Knowledge.

Sister—"I'm writing a composition
on dogs. Can you tell me anything
about them?" Small Brother—"Well,
there's one thing about dogs everyone
ought to know, and that is fleas."

Injuring Oneself to Labor.

A man should insure himself to vol-
untary labor and should not give up to
indulgence and pleasure, as they beget
no good constitution of body nor
knowledge of the mind.—Socrates.

WONDERFUL SPECTACULAR FILM TODAY AT CRYSTAL

One of the greatest pictures the
management of the Crystal theater
has offered this season, or any other
for that matter, is "Money," to be
presented this afternoon and evening.
"Money" as a spectacular produc-
tion is one of the most remarkable
motion pictures ever made. It cost
over a hundred thousand dollars.
Several hundred people appear in it.
Some of the prominent scenes in
"Money" are:
The great strike and destruction
of the Maxime steel works.
The \$1,000,000 banquet in the
Palace of Croesus. The costumes
worn by royalty and the other no-
tables are the most expensive ever
seen in a motion picture play.
The oyster dance at the banquet
shows a beautiful woman appearing
from an oyster in the center of the
banquet table.
A gorgeous barge, bearing Neptune's

struction of the Court of Croesus,

Golf and Bowling.

"Then you think that as a sport
bowling is superior to golf?" "Yes.
There are times in golf when you are
liable to find yourself about half a

J. G. Brown reports the rainfall of Saturday night and Sunday to have amounted to .94 inches. The total rainfall for the month was 3.92 inches. A NOTE OF INTEREST TO PERSONS GOING NORTH

The time of departure from Daytona of train No. 8*, as given in the Atlantic Coast Line schedule is a mistake. The leaving time of this train is 10:01 a. m. and not 10:18 as published in the Atlantic Coast Line advertisement which will hereafter bear the correct time.

WEST VIRGINIA'S VERY STRINGENT BOOZE LAWS

CHARLESTON, W. Va., March 1.—The new law which went into effect today will make it very inconvenient to procure liquor in this state. After this date common carriers will not be allowed to bring intoxicants into the state, or to transport it from one part to another. Any person bringing it in for their own use must have the container labelled if over one-half gallon. Liquor may be carried in from Ohio and Pennsylvania, but Kentucky and Virginia are dry in the adjoining counties. The man living inland is in a bad way of getting his "booze."

Airing the Plants.

How many people air their plants? This must be done on all pleasant days by opening the windows at some distance from them, never the window at which they are growing, and so mixing the fresh, cold air with the warm air of the room. This is especially necessary in winter.

Common Failing.

How many people apparently prefer to remain morally ignorant rather than know that truth which would make them morally uncomfortable?

MEXICAN BOAT BLOWN UP BY BOMB; 30 KILLED

GALVESTON, March 1.—Thirty persons, including five women, were killed yesterday when the Mexican gunboat *Progreso* was blown up, supposedly by a bomb, in the harbor at *Progreso*. HUNDREDS HEARD FIRST DIVISION OF FLYING SQUADRON

(Continued from Page One.)

there shall be no unborn because of
drink: the day when the alcohol-
frenzied traffic in women and girls
shall be as Nero's human torches—a
hideous memory—and the mauling
shout of the drunkard shall be heard
nowhere in the land; the day of free-
dom from the political bondage of the
saloon; the day when this government
shall go out of partnership with the
liquor traffic; the day when stainless
ballots shall have achieved a stainless
flag. Then will be the consummation
for all the sons of men."

In the evening the first speaker was
Dr. Chas. M. Sheldon, of Topeka, Kan.,
preacher and author, one of whose
books has attained a circulation of
20,000,000 copies. His subject was,
"The Truth About Kansas," in which
state he has lived for 25 years.

Dr. Sheldon has recently returned
from a lecture tour through Australia
and New Zealand, where he had been
invited to come and assist in a cam-
paign for nation-wide prohibition.

"The prohibition law in Kansas,"
said Dr. Sheldon "is as well enforced
as any other criminal law. Under its
enforcement the state has grown rich
and prosperous. It is now the second
richest state financially in the coun-
try having a per capita assessed popu-
lation of \$1,684. It has doubled its
bank deposits in ten years. It saves
\$30,000,000 every year from the na-
tional drink bill, which is \$35,000,000
for each license state. The per capita
expenditure for liquor in Kansas is
\$3.04; the average for the liquor states
is \$21. Kansas has only 650 paupers;
724 convicts, of whom only 152 are
Kansas born men. The Kansas tax

rate is 10 mills; Minnesota's, 42 mills;
Oregon, 24 mills; Washington, 38
mills.

"Without a cent of 'revenue' from
breweries, Kansas has more people
living in it who own their own homes
than other state in the union. . . .
Its death rate last year was 10.7.
Fewer people die from murder and ac-
cident in Kansas than any other state
in the Union.

"The editors, justices of the su-
preme court, lawyers, politicians, busi-
ness men, doctors, bankers and the
great overwhelming majority of peo-
ple believe in the prohibitory law and
count it as one of the greatest bless-
ings Kansas ever had. . . . The
liquor traffic in Kansas is as dead as
Pharaoh. It is no longer an issue."

Dr. Sheldon's address was followed
with two temperance songs by J. A.
Lucas. The songs were heartily ap-
plauded, and Mr. Lucas responded to
a "curtain call."

Mr. Poling's speech on "The Con-
servation of Humanity," profoundly
impressed the big audience, and when
the speaker asked for a "show down"
between "wets" and "dries," practi-
cally the entire audience stood up on
the "dry" call, and pledged themselves
to get in the fight and stay in until
the finish.

It is impossible to do justice here to
Mr. Poling's evening address without
using more space than can be spared
at this time.

The first division of the Flying
Squadron has in it Daniel A. Poling,
Dr. Chas. M. Sheldon, L. Stanley Fel-
lows, William L. Patton, Daniel V.
Poling. The last named gentleman is
musical director for the division, but
on account of illness was unable to go
to the meetings here. The party left
here today for Orlando, and from there
will go to Tampa, St. Petersburg, Tal-
lahassee and Pensacola. Other Flori-
da cities already visited are St. Au-
gustine, Palm Beach and Miami.

ROCKEFELLER NOW AT THE HOTEL ORMOND

Photo copyright, 1915, by American Press Association.

John D. Rockefeller, wizard of fi-
nance, and reputed to be the wealth-
iest man in the world, arrived at Or-
mond with his party of five, on train
85, over the East Coast railway Sat-
urday evening. They were driven by
automobile to Hotel Ormond where
dinner was served, and a suite of ten
rooms on the top floor south, was
turned over to the Rockefeller party,
which had been reserved for its occu-
pancy.

The Rockefeller party consists of
the oil magnate, his secretary, H. B.
Sims, the Misses Murphy, daughters
of Starr J. Murphy, attorney for Mr.
Rockefeller, and Dr. Biggar, together
with a retinue of stenographers, chauff-
eurs and servants. Mr. Rockefeller
who is an ardent golfer, did not at-
tempt to go out on the links today,
but has selected a partner for tomor-
row in the person of E. M. Johnson.

Yesterday morning Mr. Rockefeller
attended service at the Seabreeze

Tourist church, coming down from
Ormond in his big limousine. Al-
though a member of the Baptist
church Mr. Rockefeller attended
quite regularly the Tourist church
during his stay at Hotel Clarendon
last season, and yesterday appeared
to be thoroughly delighted with the
manner in which he was received by
old acquaintances at the Seabreeze
house of worship.

John D. Rockefeller is one of the
greatest philanthropists in this coun-
try today, having contributed millions
of dollars to hospitals and charitable
institutions within the past few years.
Not long ago Mr. Rockefeller contrib-
uted a vast sum of money which was
used in an attempt to eradicate the
south of a disease known as the "hook
worm," found in the cotton mill and
other factory regions.

The multi-millionaire will remain as
a guest at Hotel Ormond during the
greater part of the month of March.

HIGHWAY IN BAD CONDITION FROM THE CONTINUED RAINS

Mr. and Mrs. Harry C. Thompson
returned Sunday from Jacksonville, to
which city they had gone Saturday
morning. Mr. Thompson driving a car
through from the metropolis for the
Daytona Auto Supply company, of
which he is a member. The John An-
derson highway is in bad condition,
there being much water upon it, Mr.
Thompson says. The unusual amount
of rain for this season of the year
keeps the road soft in all the sections
where the road traverses low ground
and nearly an inch of rainfall Satur-
day night and Sunday morning did not
tend to improve matters.

RIDGEWOOD DAY AT THE AUTOMOBILE CLUB HOUSE

fair a delicious luncheon and dancing
was enjoyed by the party.

It seems that every theater-goer in this city is talking "The Prince of Tonight," the attraction coming to the Daytona, Friday, March 5. The seat sale opens tomorrow morning at Hankins', and from all indications, there will be a rush for choice seats. This attraction has been heralded for months, and promises to be one of our best musical shows of the season. Tom Arnold, in the title role, is an excellent baritone, and is supported by a splendid cast, and big beauty chorus.

NEWS OF THE HOTELS

Mrs. A. Kessel, of Brooklyn, who arrived at the Despland recently, is accompanied by her child and nurse, and will spend the remainder of the season here.

A splendid musical at the Ridgewood last evening was exceedingly well attended by the many guests of the hotel and others invited in for the evening.

Mr. and Mrs. J. Hackenheimer, of Buffalo, will spend the balance of the season at the Despland. Mr. Hackenheimer is a prominent wholesale piano dealer of Buffalo.

Mr. and Mrs. John A. Squires, and daughters, the Misses Ruth, Caroline and Helen, of Palo Alto, Cal., arrived at the Despland hotel Saturday evening, and will spend several weeks here.

Saturday evening's hop at the Ridgewood was attended almost without exception by the guests of the hotel. More dancers were on the floor, Saturday evening, than at any of the regular hops so far this season.

Mrs. W. H. Vanderburgh, of Minneapolis, joined her husband, Judge Vanderburgh, at the Despland, Saturday. Judge Vanderburgh has been at the Despland for some time, and he and his wife will spend the remainder of the winter here.

The lobby and parlors of the Despland were well filled Sunday evening with guests of the hotel, who were present to hear the usual Sunday evening concert by the hotel orchestra. A delightful program was rendered by the orchestra.

Mr. and Mrs. H. Hardesty, a newly married couple from Mannington, W. Va., are occupying apartments at the hotel Despland for a few days. Mr. and Mrs. Hardesty are two of the most graceful dancers seen in the Despland ballroom this season.

Mr. and Mrs. Chas. H. Bowker, Mrs. J. H. Bowker and Mrs. Day, of Meriden, Conn., who are spending the winter in the Armstrong cottage on Ridgewood avenue, were dinner guests of Mr. and Mrs. Almon Judd at the Ridgewood hotel Saturday evening.

The Saturday evening dance at the Despland was one of the largest of the present season. In addition to the numerous guests, who almost fill the hotel to capacity, there were a number of cottagers and towns people in for the dancing. Among dinner guests of the hotel were Mr. and Mrs. M. P. Cornwall and Mr. and Mrs. W. M. Hankins.

The annual benefit concert and dance for the Despland orchestra will take place at the big hotel, Wednesday evening of this week. The musical organization of the Despland this year, is up to the usual high standard of the hotel, and is thoroughly enjoyed and appreciated by the guests of the hotel, so that an unusually large turnout is expected at the mid-week hop this week.

MR. AND MRS. AYRES ENTERTAINS ON THE ALLAYRE

Mr. and Mrs. W. F. Ayres entertained a party of six at a 1:00 o'clock dinner Sunday aboard their commodious houseboat, Allayre, which is anchored at the west end of the cement bridge. After a tempting sea food dinner, served in the cabin on account of the rainy day, to which the guests did full justice, the good boat cast anchor and Captain Ayres took the party on a short run to Port Orange and back. A gray afternoon, with a gray sky overhead and gray waters beneath, a smooth sailing boat and congenial company made ideal conditions for a restful and refreshing time. Those enjoying the occasion were Mr. and Mrs. W. F. Ayres, host and hostess, Mr. and Mrs. A. Ayres, Misses Blakeslee and Kelly, Mrs. Emma Freeman and Mrs. Bernard. Captain and Mrs. Ayres are ideal host and hostess, and very generous and clever in contributing to the pleasure of their many friends. On leaving the guests were presented each with a large grapefruit, which Mr. and Mrs. Ayres brought back with them from Allenhurst last week, 13 of which weighed 30 pounds.

Mrs. H. J. Reed and young son, Grayston, of Denver, Colo., are house guests at the home of Mr. and Mrs. S. Haigh on Ocean boulevard. Mrs. Reed is a former resident of Mandarin, this state, and she and her hostess grew up as schoolmates and friends, and have kept in close touch with each other ever since. A few years ago Mr. Reed and family went from Mandarin to Denver to make their future home, in the western metropolis.

Miss S. Cornelia Young and Miss Clara Kermerle, who had been spending a month here very pleasantly with the former's uncle, Capt. Charles A. Young, at his winter home at Daytona Beach, departed Saturday on their return to Chicago, Ill. Their visit included a week's trip by boat to Palm Beach and other delightful outings.

Mrs. S. R. McConnell, who has many friends here, and usually spends part of the season in Seabreeze, is visiting at the home of her brother-in-law and sister, Mr. and Mrs. J. M. Rogers.

Mr. and Mrs. C. K. Heverner and little daughter, who arrived a few days ago from Elmira, N. Y., and were with their cousin, Miss Kelly, until located, have leased and are occupying R. T. Butler's cottage on Ocean boulevard for the remainder of the season.

A Seabreeze quilt club, with Henry Wells as president and business manager, and Dr. Holland as R. R. secretary, has been organized. The ground selected, is on the corner of Earl street and North Peninsula drive, and rubber tipped quilts are used, through the forethought of the president.

ROCKEFELLER ATTENDS THE TOURIST CHURCH

Rev. Elmer Willis Serl, pastor of the Tourist church, expounded his belief on the merits and demerits of some of the present day criticisms against the church and our social system evils in the presence of a large and attentive congregation Sunday morning, in spite of the threatening weather. Mr. Serl took for his text, Romans 12:14, "Every one of you will have to render an account to God for yourself." His subject was: "Who Is to Blame?" He used Winston Churchill's novel, "Inside the Cup," to illustrate his attitude on the duty of the church, the community, and the individual, and his conclusion was, everybody is to blame for the present day conditions, the rich and the poor, the churchman and the non-churchman, the indifferent and the unawakened just in proportion as we fail to live up to the highest and best that within us lies, according to the teaching of the Christ ideal.

Mr. Rockefeller slipped away from the crowd at Hotel Ormond and joined the worshippers at the Tourist church Sunday morning, motoring down from Ormond in his limousine. Mr. Rockefeller was a regular attendant at the Tourist church last winter during his sojourn at the Clarendon, and the congregation was pleased to have him among them again. Mr. Rockefeller appears to be in fine health, in fact looks better than last year.

J. A. BURGMAN, Clerk of the Town of Seabreeze, will receive Proposals for the purchase of "Seabreeze Water Works Bonds,"

bearing interest at the rate of six per cent. per annum, payable semi-annually. The Town Council reserves the right to limit the number of bonds to be sold to any one person.

TOURIST BIBLE CLASS AT SEABREEZE AVE. M. E. CHURCH

The enrollment of this class is now 318. On Sunday Mr. Seldon, the class instructor, presented the lesson on Samuel, "the Victorious Leader," in a clear, practical manner.

Prof. J. A. Smith, of Stetson university, later addressed the class on "Immortality," as it could be taught from the science of mathematics. All lines of science as history, biology, philosophy as well as theology have made their contribution to the Bible teaching on immortality.

The next number of the very successful course of entertainments that this class is to give this winter will be a musicale, Tuesday evening, March 2nd.

Special efforts have been made and the best talent secured, so that this entertainment will be an artists' recital of exceptional merit.

Mr. and Mrs. Bert Graves, of Middleport, N. Y., are spending the season in the Ashland apartment house.

MAYOR TITUS FINED TWO MEN \$50 EACH; JOHNSTON IS HURT

AUTO DRIVERS FORCED COMPETITOR FROM HIS CAR AND THEN MARCHED HIM THROUGH THE STREETS.

It was quite conclusively established in the municipal court this morning that N. A. Johns and James Casey were guilty, as charged, of assaulting and battering C. E. Johnston. Apparently Mayor Titus was convinced that it was a flagrant case, and he ordered Johns and Casey to each pay a fine of \$50, in addition to all the costs in the cases, or to serve 60 days in prison.

The charge against the men was the sequel to an incident which began near the Ridgewood hotel Sunday afternoon. Mr. Johnston runs an automobile for hire, and so does Mr. Johns, with whom Mr. Casey is associated. Mr. Johnston took a stand on Ridgewood avenue near the driveway approaching the hotel; the other men ordered him to move, and he refused. Casey is a special officer for the Ridgewood hotel and has police powers on the hotel property, but not elsewhere. He and Johns, however, concluded to force Johnston to accede to their wishes, so they proceeded to pull him out of his car, using considerable violence in the undertaking; then they marched him up Ridgewood and down Orange avenue to the city hall, where Officer Milton took a hand in the matter and made the men let Mr. Johnston go. The latter's left arm was severely injured, and a blow received in some manner during the scuffle caused one of his ears to bleed freely, inside and outside.

No case was made against Mr. Johnston.

This was about the "biggest" court Mayor Titus has held this winter, and the court room and lower part of the city hall were jammed with spectators.

*Best investment ever offered: lots \$50 to \$250, Ridgewood avenue, Port Orange; easy terms; fronting on proposed trolley. Bungalows for sale, \$600 up, and built to order, payable monthly. Herrick, F. W. Pope's office, 212 S. Beach St. 172-4f

LARUE WILLIAMS DEFENDS NAME OF DAYTONA PEOPLE

Larue Williams heard Morris Peters, an Israelite from Gotham, who has been running an auto for hire here this winter, say that the people of Daytona do not know as much as the people of little old provincial Noo Yawk know. At least Larue thought the Hebrew had libeled the "cracker" population of Daytona, which was all the same to Larue; so he made just one swift, grand rush which he terminated by leaning his brawny fist violently up against Peters' face. Peters told all about the occurrence this morning in mayor's court, and so did Williams. The two men's stories varied but little.

Mayor Titus complimented Larue for upholding the good name of Daytona's people, and expressed regret that the manner of said upholding was illegal and contrary to the peace, dignity and good order of the city. His honor then imposed a fine of \$5 upon Larue and discharged the other man. Larue merely grinned and paid. He must have remembered some pleasant recent occurrence.

*Wanted—Mortgage of \$1500, 3 or 5 years on 300 acres in Ormond, half a mile from railroad station, Herrick, F. W. Pope's office, 212 S. Beach St. 172-4f

HIS FATHER WAS PASTOR OF DAYTONA CHURCH YEARS AGO

J. M. Powell, of Newton, Kas., who came to Daytona recently, accompanied by his wife, and is located in the east half of Mrs. Hettie L. Williams' double house, "Little Jersey," on Third avenue, was attracted to this city from a boyhood remembrance of it, his father, Rev. William Powell, having been pastor of the First M. E. church when Mr. Powell was about ten years of age, which was 20 years ago. The Rev. Mr. Powell is now pastor of a church in Birmingham, Ala. This is Mrs. Powell's first visit south.

Warm Baths for Your Nerves.

A bath at a temperature of 92 to 96 degrees will quiet the nerves in a magical way, even in cases in which drugs of all sorts utterly fail. Such a bath is called a neutral bath, because no action is produced by it and no disturbance results from overheating. Its temperature is just enough lower than the body's to carry off the surplus heat without producing a cooling effect.

CLARENDON GUEST EXPECTS TO FLY TO LIGHTHOUSE

Paul H. Ver Kamp, of Cincinnati, a guest at Hotel Clarendon, contemplates making a long flight with Ruth Law in her aeroplane. It is planned to start at the hotel and fly southward to Mosquito Inlet, circle the lighthouse and return, the entire distance being between 25 and 30 miles. This would make the longest flight that Miss Law has made in Florida during the three years that she has been in the state.

It is very probable that Mr. Ver Kamp and Miss Law will make the trip the first nice day that comes.

LET'S GET ACQUAINTED

BEFORE YOU conclude a deal for acreage on the Peninsula, it will pay you to see me. I have several tracts from Ocean to River south of Daytona Beach, from ten acres up to one hundred; also several hundred acres between Seabreeze and Ormond, all at attractive prices. I also offer houses, lots, in any one of the three towns, some for less money, than the owners quote. Should you be interested in an orange grove, farm, or undeveloped lands, from five thousand up to one hundred thousand acres at prices from Five Dollars up to Twelve Dollars per acre, for development purposes, I've got that.

In fact I have some bargains to offer, which it will take a personal interview, to explain.

I have a new coquina rock residence, on the Ocean front, near the Automobile Club house, which some one ought to pick up at once—it's a real beauty, and can be bought right.

JOHNNY J. JONES SHOWS ARE HERE

ARRIVED THIS MORNING AT AN EARLY HOUR AND WILL BE READY FOR THE PUBLIC THIS EVENING ON CITY ISLAND.

Johnny J. Jones and his big aggregation of carnival performers and exhibits, arrived in Daytona this morning, around the wee small hour of 2:00 o'clock, and the work of putting up the many tents and booths at the city island began almost immediately. Much has already been said as to the numerous and varied attractions, which will be running this evening, and a good sized crowd will undoubtedly turn out to see the opening of the week's carnival engagement.

The management is certain that all of the attractions will be in running order this evening, and as at one o'clock many of the tents which house the shows were already up, it seems certain that they will be able to handle the crowds this evening. The small boy was on hand early this morning to see the work of unloading, and he will be a conspicuous figure this afternoon and evening.

*LOST—Sunday morning on peninsula roll of auto tools. Please return to Dr. J. P. Esch, 315 Peninsula drive, Daytona Beach.

MANY WILL VISIT MIAMI

LAST PART OF THIS MONTH The meeting of the Florida State Press association at Miami March 23 to 27 has induced the Flagler System to make a special round trip rate for the occasion. The rate announced from Daytona to Miami and return is \$7.95. Tickets will be sold good for use on March 23, 24 and 25 only, with return limit up to midnight of March 31.

Russian Sport. Russian horses are good racers on turf, but during the long winters when sport is wanted they are shod with a special kind of light shoes with sharp calks and raced on the ice. It is said that their speed is often astonishing.

Care of the Feet. The more the feet are bathed and rubbed the more comfort you will have. Rubbing the soles of the feet with a raw lemon is very restful after the bath. Keep the toe nails cut straight across, never cut down on the sides, and the cuticle around the nails should be kept loose. A strong salt bath is very restful for the feet.
